

Email: Tiina.Jaaniste@health.nsw.gov.au

Telephone: +61 2 9382 15422

Address: Pain & Palliative Care Research Team
Department of Pain & Palliative Care
Level 7 Bright Alliance Building,
Sydney Children's Hospital, Randwick NSW 2031 Australia

Memberships: Member of International Association for the Study of Pain (IASP).
Secretary (2007-2012) & Council Member (2007-2013) of
International Association for the Study of Pain (IASP) Special Interest
Group for Pain in Childhood.

Member of the Australian Pain Society.

International Associate Member of the Canadian Institutes of Health
Research (CIHR) Strategic Training Program in Pain in Child Health
(2003-present).

EDUCATIONAL QUALIFICATIONS:

PhD School of Psychology. University of New South Wales,
June 2001- April 2009 (P/T).

Title: Attentional coping strategies in the management of pain in children.

Master of Psychology (Clinical), Hons. University of New South Wales, 1996-97

Master's Thesis: Determinants of children's pain tolerance using the
cold-pressor test.

Bachelor of Science (Psychology), Hons. University of New South Wales, 1992-95

Honour's Thesis: Aspects of functioning among migraineurs: the role of self-efficacy
and locus of control.

PUBLICATIONS:

Published (or accepted) journal articles: 43

Published book chapters: 2

2017

SELECTION OF CONFERENCE PRESENTATIONS:

Workshop presentations:

1. Noel, M. (chair), **Jaaniste, T.** & Simons, L. (July 2017). Unravelling the roles of learning and cognition in pediatric pain. International Symposium on Paediatric Pain, Kuala Lumpur, Malaysia.
2. von Baeyer, C. (chair), **Jaaniste, T.**, Emmott, A. (March 2015). Improving pain measures for 3- to 5-year-old children: Research in Australia and Canada. International Symposium on Pediatric Pain, Seattle.
3. Coakley, R., (chair), Cohen, L. & **Jaaniste, T.** (March 2015). Innovation on display: A demonstration of four new interactive computer-based interventions that enhance learning of empirically-supported interventions for pain management. International Symposium on Pediatric Pain, Seattle.
4. **Jaaniste, T** (chair & presenter), Chambers, C. & West, C. (April 2014). Pain: Family involvement and impact. Australian Pain Society Annual Scientific Meeting, Hobart, Australia.
5. **Jaaniste, T.** (chair & presenter), Crombez, G. & Berryman, C. (20 March, 2013) Pay attention! Why we focus on what we do and why it hurts. Australian Pain Society Annual Scientific Meeting, Canberra, Australia.
6. **Piira, T.** (chair & presenter), Blount, R.L. & Goubert, L. (June 2006). Coping and children's pain: future directions for theory, research and practice. International Symposium on Pediatric Pain. Vancouver, Canada.
7. Finley, G.A. (chair), Grégoire, M-C & **Piira, T.** (June 2006). Why social pain hurts: The role of neural, linguistic and psychological factors. International Symposium on Pediatric Pain. Vancouver, Canada.

8. Champion, G.D. (chair), **Piira, T.**, MacKenzie A. (April 2006). Information provision and preparation of children and adults for painful medical procedures. Annual Scientific Meeting of the Australian Pain Society, Melbourne, Australia.
9. von Baeyer, C.L. (chair), **Piira, T.** & Whitaker, B.H. (August, 2005). Affect, cognition and sensory dimensions of pain in children: a cord of three strands? World Congress on Pain, Sydney, Australia.
10. **Piira, T.** & Crawford, M. (May, 2005). Paediatric pain assessment and management: big ouch or little ouch. General Practitioners' Conference & Exhibition, Sydney, Australia.

Selected Poster presentations: (Presenter in bold)

1. **Pfeiffer, G.**, Wong, B., Wood, J., Jaaniste, T., Champion G.D., Johnson, H. & Nguyen, H. The effect of child and parental factors on pain and functional outcomes following short stay pediatric surgery. International Symposium on Paediatric Pain, Kuala Lumpur, Malaysia, July 2017.
2. Chen, Y., **Donnelly, T.J.**, Bui, M., Bott, A., Jaaniste, T., Eden, J., Hopper, J., Champion, G.D. An investigation of associations with dysmenorrhoea in adolescents and young women: a twin family case-control study. International Association for the Study of Pain 16th World Congress on Pain, Yokohama, Japan, September, 2016.
3. **Donnelly, T. J.**, Chen, Y., Bui, M., Bott, A., Jaaniste, T., Eden, J., Hopper, J., Champion, G.D. Estimating the influence of genetic factors on the experience of primary dysmenorrhoea in adolescence and young adulthood using a twin study. International Congress on Twin Studies: Satellite Meeting, Brisbane, June 2016.
4. **Donnelly, T.J.**, Bui, M., Bott, A., Goh, S., Jaaniste, T., Chapman, C., Crawford, M., Hopper, J. & Champion, G.D. Chronic Paediatric Pain: Insights from a twin family case-control study. Australian Pain Society's ASM, Perth, March, 2016.
5. Chen, Y., **Donnelly, T.J.**, Bui, M., Bott, A., Jaaniste, T., Eden, J., Hopper, J., Crawford, M., Champion, G.D. Primary Dysmenorrhoea in adolescents and young women: Heritability and associations. Australian Pain Society's ASM, Perth, March, 2016.
6. Bott, A., Bui, M., Jaaniste, T., Lang, T., Chapman, C., **Donnelly, T.J.**, Goh, S., Crawford, M., Hopper, J. K., & Champion, D. Familial influences in chronic pain: insights into genetic risk and associations from a twin family study. 10th International Symposium on Pediatric Pain, Seattle, USA, May, 2015
7. Crawford, M., **Bott, A.**, Bui, M., Chapman, C., Curran, C., Jaaniste, T., Ligthart, L., Hopper, J. & Champion, D. Paediatric Anxious Depression: Heritability and Associations with Common Pain Disorders and Restless Legs Syndrome. International Association for the Study of Pain Congress, Buenos Aires, Argentina, October 2014
8. Crawford, M., Bui, M., **Bott, A.**, Chapman, C., Jaaniste, T., Hopper, J. & Champion, D. Paediatric Restless Legs Syndrome: Heritability and Associations with The Common Pain Disorders of Childhood. International Association for the Study of Pain Congress, Buenos Aires, Argentina, October 2014
9. Crawford, Vo, H., M., Bui, M., **Bott, A.**, Jaaniste, T., Hopper, J. & Champion, D. Parent-reported Iron Deficiency: Heritability and Associations with the Common Pain Disorders of Childhood. International Association for the Study of Pain Congress, Buenos Aires, Argentina, October 2014.

AWARDS & RESEARCH GRANTS:

In reverse chronological order. (Note: All \$ values are in Australian dollars)

- Grace Gala Project Grant from Cerebral Palsy Alliance: Chronic Pain in Cerebral Palsy. Investigators: A. Morrow, S. Paget, G Khut, M Kyriagis, K Burton, T Jaaniste. (\$100,000) (2016-17).
- Project grant (Principal Investigator) State government funding from the Agency for Clinical Innovation (ACI) for "An online paediatric chronic pain education program" (approximate value: \$100,000) (2012-2013). Co-Investigators: T.Lang & M.Crawford.
- Recipient of an Australasian Human Development Association Scholarship for Postgraduate and Early Career Researchers. (Total scholarship value: \$990) This Scholarship was awarded in conjunction with the 19th Biennial Conference of the International Society for the Study of Behavioral Development (June, 2006).
- Received Sydney Children's Hospital Foundation Research Grant (\$15,000) to study: "The efficacy of a distraction strategy for children's pain: Does preparatory sensory information help?" (2005-6). Chief Investigators: Tiina Piira, Brett Hayes & Belinda Goodenough.
- Awarded Pain in Child Health (PICH) Mayday International Trainee Fellowship (each award was approximately \$4,000 in value):
 - ❖ June 2006
 - ❖ May 2005
 - ❖ August 2004
- Finalist in the Tow Award Research Competition: Open Senior Category (2005). Research titled: Factors associated with infant pain responses following an immunisation injection.
- Awarded Education & Research Scholarship from the New South Wales Psychologists Registration Board (May, 2004; \$2,000).
- Received Sydney Children's Hospital Foundation Research Grant (\$15,000) to study: "School functioning of children and adolescents with pain disorders: the development and validation of the School Functioning Scale." (2004). Chief Investigators: Tiina Piira, Grant Betts & Marita McInerney.
- Finalist in the Tow Award Research Competition: Open Junior Category (2003). Research titled: Pain tolerance in children: effects of age, attentional direction and coping style.
- Received Sydney Children's Hospital Foundation New Investigator Research Grant (\$16,900) to study: "The impact of perinatal and postnatal nociceptive experiences on infant pain responses to a subsequent immunisation injection." (2002). Chief Investigators: Tiina Piira, David Champion & Kei Lui.
- Awarded the Australasian Renal Society's Prize for Best Conference Abstract (1999) for an oral presentation titled: The role of cognitive factors in the adjustment of carers of home dialysis patients.

OTHER ROLES:

- Secretary / Newsletter Editor (2007-2012) and Council Member (2007-2013), International Association for the Study of Pain (IASP) Special Interest Group on Pain in Childhood.
- Member of the Scientific Program Committee for the International Symposium on Pediatric Pain, Vancouver (ISPP-2006).
- Secretary of the Steering Committee of the International Symposium on Paediatric Pain (ISPP-2003).
- Member of the Editorial Board for the international journal: *The Suffering Child- A Multidisciplinary Journal of Children's Pain*. (2002 - 2006)
- Conducted reviews for *Pain*, *The Clinical Journal of Pain*, *Journal of Pediatric Psychology*, *Children's Health Care*, and *Pediatric Pain Letter*.
- Member of the Society of Pediatric Psychology's Task Force on Empirically Valid Assessments – Stress and Coping Subgroup (Chaired by Ronald Blount, University of Georgia, USA).
- Australian Committee Member for the Global Day Against Pain in Childhood (2005).
- Member of the Advisory Committee (2005) for the Royal Australasian College of Physicians in their development of the Guideline Statement: Management of Procedure-related Pain in Children and Adolescents.
www.racp.edu.au/hpu/paed/pain
- Contributed to the National Health and Medical Research Council's publication: *Acute Pain Management: Scientific Evidence, 2nd Edition*, 2005.
www.anzca.edu.au/publications/acutepain.pdf

TEACHING

- Supervision of students from University of New South Wales:
Medical Students - Independent Learning Project (ILP) (2007-present)
Clinical Psychology Master's Research theses (2003-4)
- Guest Lecturer for Sydney University Graduate Diploma in Pain Management, lecturing on Children's Pain (2004 - 2007).
- Lecturer for the University of New South Wales Diploma of Paediatrics, lecturing on Children's Pain Assessment and Management (2004 - 2008).
- Associate lecturer for the University of Western Sydney graduate course in Psychological Measurement for students undertaking their Masters degrees in *Counselling and Family Therapy*, and *Sports Psychology* (1999).
- Lecture given to staff at the Tartu Lastekliinik (Tartu Children's Clinic), affiliated with Tartu University, Estonia (May 2007). Lecture titled: "Laste valu: millal, kuidas ja mida lastele öelda enne protseduure" (Translation- Children's pain: when, how and what to say to children before procedures).

WORK HISTORY:

• SYDNEY CHILDREN'S HOSPITAL •

Head of Paediatric Pain & Palliative Care Research, Sydney Children's Hospital

P/T (2 days a week)

Jan 2014 – to present

- Manages all research activities carried out within the Chronic Pain Team, Acute Pain Team and Palliative Care Service.
- Provides supervision and guidance to staff members and research students working within the Department in all aspects of the research process as needed (including study conception, design, planning, data management, statistical analyses, interpretation, manuscript preparation and dissemination of results).

Hospital Scientist, Department of Anaesthesia and Pain Medicine

P/T (2 days a week) 2008 - 2014

F/T Jan 2001 - 2008

• UNIVERSITY OF NEW SOUTH WALES •

Conjoint Senior Lecturer, School of Women's & Children's Health, Medicine

2013-present

• LIVERPOOL HEALTH SERVICE •

Clinical Psychologist in Pain Management Centre and Renal Unit (F/T)

March 1998 – Jan 2001

• UNIVERSITY OF WESTERN SYDNEY •

Associate Lecturer (P/T)

Feb 1999- July 1999

- Post-graduate psychology course in *Psychological Measurement*.

• UNIVERSITY OF NEW SOUTH WALES •

Research Assistant for Assoc. Prof. Gail Huon (P/T)

July 1996 - March 1998

- 3-year longitudinal study investigating the factors involved in the onset of dieting among adolescent girls.

• PRIVATE TUTORING •

Individual & Small Group Tutor

1995

- Tutored 2nd and 3rd year psychology students in research methods and the use of SPSS and PSY statistical packages.

• SPASTIC CENTRE OF NEW SOUTH WALES •

Summer Holiday Program Coordinator

Nov 1995 - Jan 1996

Nov 1994 - Jan 1995

- Developed, coordinated and evaluated a recreation program for individuals with cerebral palsy. Coordinated a team of recreation officers and volunteers.
